

# Easy Trainer

FOR ALL SYSTEMS

## Tip Application

# Step by Step

**STEP 1**  
Slide an Ultra Form tip in to the cuticle area of the Easy Trainer. Push the tip up in the finger until the tip has a normal natural free edge, this creates your Nail Bed to practice on.

**STEP 2**  
File the nail like we do during the prep procedures.

**STEP 3**  
To practice the tip application and to extend the "natural nail" choose the correct size tip, blend it in and apply the tip on top of your created nail bed.

**STEP 4**  
Apply your Acrylic (in this case Prestige Blush Pink ), or Gel product. Of course you can also train your French manicure, Glitter Fading or any other technique.

**STEP 5**  
File the nail in shape and remove the dust.

**STEP 6**  
Apply Gelpolish Mey's Choice 2014 (103217), cure each layer for 2 minutes

**STEP 7**  
After the color apply Gelpolish Base & Top. Cure for 2 minutes. Remove the sticky layer with Finishing Wipe.

## Acrylic on Nail Form Step by Step

**STEP 1**  
Slide an Ultra Form tip in to the cuticle area of the Easy Trainer.

**STEP 2**  
Push the tip up in the finger until the tip has a normal natural free edge, this creates your Nail Bed to practice on.

**STEP 3**  
Shape and file the nail like we do during the prep procedures and place the Nail Form.

**STEP 4**  
Use Prestige Camouflage Cool Pink to create the nailbed.

**STEP 5**  
Create the free edge with Extra White powder.

**STEP 6**  
Cap the entire nail with Prestige Clear.

**STEP 7**  
Remove the Nail Form carefully and pinch the c-curve of the nail.

**STEP 8**  
File the nail in shape with a file of your choice.

**STEP 9**  
Seal the nail with Supreme finish, to create a high shine.

**STEP 10**  
Pull the finger of the holder and place it on the Brush Tray and into the UV light to cure.
